Weapons of Mass Seduction Lori Bryant-Woolridge 2007-04-17 Fortysomething and still single, music-video exec Pia Jamison has given up her grandiose ideas on men and marriage but not motherhood. Her biological clock is on red alert, but after years of self-imposed celibacy she has no clue how to attract the man she needs to get the baby she wants. Help comes in the form of Pia's savvy assistant, who tricks her boss into attending, under the guise of a business conference, a flirting workshop called Weapons of Mass Seduction. There Pia meets other women looking to amp up their amorous arsenals, including the devastated Texas belle Florence Chase, who's trying to save her failing marriage; and Rebecca Vossel, a twenty-two-year-old small-town biracial girl who's dying to release her inner diva. What they learn about the art of sensuality and flirtation turns them into bona fide bombshells. The three return home, armed and deliciously dangerous, to spectacular results. Florence reunites with her husband, but the new and improved Flo must now determine if she's staying in her marriage out of happiness or habit. The plain Jane Rebecca has transformed herself into the super-sexed "Becca," but will she realize when she's gone to far? And Pia is happily pregnant but unexpectedly falls in love—not with the father of her unborn child but with a sexy and very conservative candidate for the U.S. Senate. Weapons of Mass Seduction is a fun and sexy book (think of it as a flirting workshop within a novel) that promises to unleash the sensual woman in you!

Data Conversion Handbook Analog Devices, inc 2005 This comprehensive handbook is a one-stop engineering reference. Covering data converter fundamentals, techniques, applications, and beginning with the basic theoretical elements necessary for a complete understanding of data converters, this reference covers all the latest advances in the field. This text describes in depth the theory behind and the practical design of data conversion circuits as well as describing the different architectures used in A/D and D/A converters. Details are provided on the design of high-speed ADCs, high accuracy DACs and ADCs, and sample-and-hold amplifiers. Also, this reference covers voltage sources and current reference, noise-shaping coding, and sigma-delta converters, and much more. The book's 900-plus pages are packed with design information and application circuits, including guidelines on selecting the most suitable converters for particular applications. You'll find the very latest information on:

- Data converter fundamentals, such as key specifications, noise, sampling, and testing**
- Architectures and processes, including SAR, flash, pipelined, folding, and more**
- Practical hardware design techniques for mixed-signal systems, such as driving ADCs, buffering DAC outputs, sampling clocks, layout, interfacing, support circuits, and tools.**
- Data converter applications dealing with precision measurement, data acquisition, audio, display, DDS, software radio and many more. The accompanying CD-ROM provides software tools for testing and analyzing data converters as well as a searchable pdf version of the text. * Brings together a huge amount of information impossible to locate elsewhere. * Many recent advances in converter technology simply aren't covered in any other book. * A must-have design reference for any electronics design engineer or technician.**

Ghettoside Jill Leovy 2015-01-27 NEW YORK TIMES BESTSELLER • NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY SAN FRANCISCO CHRONICLE, USA TODAY, AND CHICAGO

TRIBUNE • A masterly work of literary journalism about a senseless murder, a relentless detective, and the great plague of homicide in America NATIONAL BOOK CRITICS CIRCLE AWARD FINALIST • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The New York Times Book Review • The Washington Post • The Boston Globe • The Economist • The Globe and Mail • BookPage • Kirkus Reviews On a warm spring evening in South Los Angeles, a young man is shot and killed on a sidewalk minutes away from his home, one of the thousands of black Americans murdered that year. His assailant runs down the street, jumps into an SUV, and vanishes, hoping to join the scores of killers in American cities who are never arrested for their crimes. But as soon as the case is assigned to Detective John Skaggs, the odds shift. Here is the kaleidoscopic story of the quintessential, but mostly ignored, American murder—a “ghettoside” killing, one young black man slaying another—and a brilliant and driven cadre of detectives whose creed is to pursue justice for forgotten victims at all costs. *Ghettoside* is a fast-paced narrative of a devastating crime, an intimate portrait of detectives and a community bonded in tragedy, and a surprising new lens into the great subject of why murder happens in our cities—and how the epidemic of killings might yet be stopped. Praise for *Ghettoside* “A serious and kaleidoscopic achievement . . . [Jill Leovy is] a crisp writer with a crisp mind and the ability to boil entire skies of information into hard journalistic rain.”—Dwight Garner, *The New York Times* “Masterful . . . gritty reporting that matches the police work behind it.”—*Los Angeles Times* “Moving and engrossing.”—*San Francisco Chronicle* “Penetrating and heartbreaking . . . *Ghettoside* points out how relatively little America has cared even as recently as the last decade about the value of young black men’s lives.”—*USA Today* “Functions both as a snappy police procedural and—more significantly—as a searing indictment of legal neglect . . . Leovy’s powerful testimony demands respectful attention.”—*The Boston Globe*

Run Silent, Run Deep Edward L. Beach 2016-10-15 This is a story of the silent service—the submarine crews which destroyed the Japanese merchant marine. A narrative taut with drama, told with the intimacy of a confession, it deals with two strong-headed men: their loves, their jealousies, and their destinies in the lonely and desperate struggle between the hunter and the hunted. Few war novels will rival *Run Silent, Run Deep* in the naked realism of its action. None will surpass its rising excitement and brilliant descriptions of men in combat. Unlike many war novels, here is a story that deals with war from the perspective of command. Edward Beach re-creates with fidelity the anguish, agony, and triumphs of command decisions. In Commander Richardson, he has created a character who embodies all that is fine, all that is human, in an excellent naval officer. In a sense, *Run Silent, Run Deep* is a monument, not to the misfits and the mistakes, but to those men who rose to greatness under the sometimes unbearable tensions of action.

The Serpent King Jeff Zentner 2017-06-06 Named to ten BEST OF THE YEAR lists and selected as a William C. Morris Award Winner, The Serpent King is the critically acclaimed, much-beloved story of three teens who find themselves--and each other--while on the cusp of graduating from high school with hopes of leaving their small-town behind. Perfect for fans of John Green's Turtles All the Way Down. "Move over, John Green; Zentner is coming for you." —The New York Public Library "Will fill the infinite space that was left in your chest after you finished The Perks of Being a Wallflower." —BookRiot.com Dill isn't the most popular kid at his rural Tennessee high school. After his father fell from grace in a public scandal that reverberated throughout their small town, Dill became a target. Fortunately, his two fellow misfits and best friends, Travis and Lydia, have his back. But as they begin their senior year, Dill feels the coils of his future tightening around him. His only escapes are music and his secret feelings for Lydia--neither of which he is brave enough to share. Graduation feels more like an ending to Dill than a beginning. But even before then, he must cope with another ending--one that will rock his life to the core. Debut novelist Jeff Zentner provides an unblinking and at times comic view of the hard realities of growing up in the Bible belt, and an intimate look at the struggles to find one's true self in the wreckage of the past. "A story about friendship, family and forgiveness, it's as funny and witty as it is utterly heartbreaking." —PasteMagazine.com "A brutally honest portrayal of teen life . . . [and] a love letter to the South from a man who really understands it." —Mashable.com "I adored all three of these characters and the way they talked to and loved one another."—New York Times

Acid Row Minette Walters 2011-05-26 The tension is palpable as Walters takes the spellbound reader to a surprising climax.' MELBOURNE WEEKLY. 'Acid Row' is the name the beleaguered inhabitants give to their housing estate. It is a no-man's land of single mothers and fatherless children-where angry, alienated youth control the streets. Into this battlefield comes Sophie Morrison, a...

Amp'd Ken Pisani 2016-05-10 *A LOS ANGELES TIMES BESTSELLER* *A FINALIST FOR THE 2017 THURBER PRIZE FOR AMERICAN HUMOR* Ken Pisani's sharp and hilarious debut novel AMP'D tells the story of a man who returns to his boyhood home after his arm is amputated, forcing the most awkward of family reunions as he struggles to feel whole again and falls in love with a voice on the radio. "Hilarious and heart-breaking." —Jenny Lawson, #1 New York Times bestselling author of Furiously Happy "Complete with painfully wry observations and delightfully caustic wit, this novel is a gritty exploration of what it's like to feel incomplete in the world. All five fingers up for this bitterly satisfying tale." —Kirkus Reviews(starred) Aaron is not a man on a hero's journey. In the question of fight or flight, he'll choose flight every time. So when a car accident leaves him suddenly asymmetrical, his left arm amputated, looking on the bright side just isn't something he's equipped to do. Forced to return to his boyhood home to recuperate, Aaron is confronted with an aging father (a former Olympic biathlete turned hoarder), a mother who's chosen to live in a yurt with a fireman twelve years her junior, and a well-meaning sister whose insufferable husband proves love isn't just blind, but also painfully stupid. As Aaron tries to make the world around him disappear in a haze of Vicodin and medical marijuana, the only true joy in his life comes from daily ninety-second radio spots of fun science facts: the speed of falling raindrops, batteries made out of starfish, and sexual responses triggered by ringtones - all told in the lush, disembodied voice of commentator Sunny Lee, with whom he falls helplessly, ridiculously, in love. Aaron's obsession with Sunny only hastens his downward spiral, like pouring accelerant on a fire. Pressured to do something - anything - to move his life forward, he takes the only job he can get. As a "fish counter" at the nearby dam, where he concludes that an act of violent sacrifice to liberate the river might be his best, final option.
