Time-Sensitive Networking: A Technical Introduction White Paper

An introduction to graphic design - American Institute of ...

At the beginning of the curriculum, easing students into their start with graphic design and the design process is important. One of the most difficult aspects of design for students to initially grasp is that graphic design is seldom a representational depiction of an object, but more often an abstract image that communicates a larger idea.

Publication Manual, 7th Edition Student Paper Checklist

Paper Organization. Introduction (Section 2.11): Repeat the paper title on the first line of the first page of text, before the opening paragraph. Center and bold the title. Do not include an "Introduction" heading. Start the first line of the text one double-spaced line after the title. Use Level 2 headings for subsections in the introduction.
