Human Body Coloring Book For Kids - Age 7-9 Funny Education 2020-08-13 A child from 6 years and up can lose his/her focus just after 15 minutes! Paying attention is a challenging cognitive process. A child from 6 years and up can lose his/her focus just after 15 minutes and will not understand what you teach him/her, giving you stress and discouragement. And there is more! It's hard to believe, but adults can lose their attention after 20 lines of reading. And if adults have such a short attention span, imagine how difficult it could be for a child to stay alert! Especially nowadays, in a fast-developing world, where children are introduced early to smartphones by parents who seek a bit of tranquility. Even though giving them the phone to calm them down seems like a good idea, it isn't good for them. Over the

last twenty years, attention deficit and hyperactivity have increased, and many children have difficulty in learning and memorizing essential things. But fortunately, there are other solutions! Do you wonder which ones? My book of colors, for example! Let me explain to you the power of my book! It is a full packed of cool coloring pages for your kids, developing their imagination and knowledge. Thanks to Human Body Coloring Book For Kids, your child will have fun coloring body parts, and his/her time will fly away! It begins with the Integumentary System, and it ends with the Female Reproductive System and Male Reproductive System, and between the two, all the other body parts! In this book, your child can: Find 98 body parts for coloring Learn his/her anatomy Join our EXCLUSIVE FUNNY CLUB, to find other free content Train the memory Learn having fun Plus, the pages are beautiful! Large 8.5x11 And much more! Your child with this book will LEARN, HAVE FUN, and KEEP BUSY, and that is EVERYTHING YOU NEED! Don't wait any longer. Your child grows up quickly, BUY NOW Human Body Coloring Book For Kids and enjoy it!
